

Desks & Joint Ventures in the Project Hub

An office instead of home – side by side with plant engineering experts

Task & goal

- ▶ Design instead of administration – and not alone.
- ▶ You want colleagues nearby for a quick technical question.
- ▶ You want to spend your time on design.

Our solution

- ▶ A desk next to plant design professionals.
- ▶ Phone service, business address, bookkeeping, quotation help as needed.
- ▶ Joint ventures for larger projects.

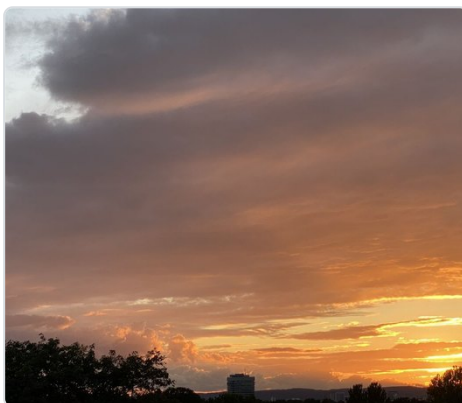

Your advantage

- ▶ **Time saved:** More time to design.
- ▶ **Competitive edge:** Larger orders as a team.
- ▶ **Simpler:** Workplace including infrastructure.
- ▶ **Added value:** Exchange instead of forums.

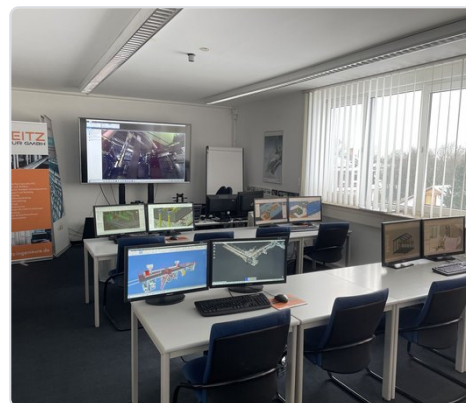

An office instead of working from home. A professional desk side by side with plant engineering experts – for remote employees, freelancers, joint-venture partners and founders. By the day or fixed, with internet, printer and coffee; business address, phone service and office services on request.
