

Find catalog errors before they end up in the BOM. The Catalog Checker opens your Plant 3D catalog (.pcat as ZIP) directly in your browser – no upload. It checks internal consistency: implausible dimensions, misplaced decimals and transposed digits, weights recalculated from geometry and material, order texts, outdated standards, iso symbols, blocks and scripts. You decide which standard it checks against. Review suggestions, apply them, download a corrected copy.

Catalog Checker: findings with suggestions, applied with one click

Connection Assistant: check end types and connection rules

1 catalog per company free (up to 30 component families)	0 upload runs in your browser, catalogs stay with you	0.1 catalog credit per completed family (€13–17 net depending on package)	Excel for the Autodesk Catalog Builder (ExcelFormatVersion 2.0)	€0 Connection Assistant, actuators and saving to the company database
---	--	---	---	---

THREE TOOLS – ONE PROCESS

Check & correct catalogs Geometry, weights, texts, standards, iso symbols, blocks, scripts · assign actuators to valves · deliberately keep findings ("Intentional") · corrected .pcat and check report	Catalog Builder Load a manufacturer PDF, Excel or CSV: read dimension tables, detect type, connection, material, standards, pressure and temperature – pipe parts, valves and supports as Catalog Builder Excel	Connection Assistant Read, check and complete EndCodesConfig.xml and DefaultConnectorsConfig.xml – free with a customer account
---	---	---

YOUR BENEFITS

- **Confidential:** your catalogs, object codes and piping specs never leave your computer
- **Traceable:** every finding with reasoning, suggestion and standard reference
- **Designer language:** simple view by default, everything else under "More options"
- **Next steps:** Excel for the Autodesk Catalog Builder or create a piping spec in the calculator

PRICES

Catalog credits – valid for 12 months			Try for free	
6-credit package · 6 catalog credits	€1,020	€170 per credit	■ 1 catalog per company (up to 30 families)	
12-credit package · 12 catalog credits	€1,800	€150 per credit	■ Apply for a customer account in one minute, usually activated within one business day	
24-credit package · 24 catalog credits	€3,120	€130 per credit	■ 30-minute demo with your own catalog
